Crossbond High Pressure Laminates (HPL) are not only beautiful, but also purposeful. HPL is one of the most durable decorative surfaces. When it's time to give your exterior design a new dimension, HPL offers the flexibility and character you need. HPL is also available with an optional fire retardant mineral core.

Crossbond HPL stands out from the competition, thanks to its unmatched quality, ease of machinability, durability and performance. It has a wide range of applications that can be tailored to any customer's needs and decorative requirements which comes with standard 15years warranty against manufacturing defects.

HPL Applications

- Wall Cladding
- Balcony Cladding
- Rooftop Cladding
- Outdoor Cladding
- Gate Elevation
- Column
- Railing
- Ceiling
- Frame Work
- Partitions
- Louvers
- Sun Shade

HPL Installation Method

Our HPL Projects
